

RESOURCE GUIDE

WHAT IS ICARE?

ICARE is a community prevention coalition, created to facilitate community partnerships, increase awareness, and reduce substance use in Union County.

One of the ways we do this is through our partnership with Union County Schools, providing prevention education to all levels of a student's educational development.

Our Mission

To prevent substance use through collaboration and community efforts

Our Vision

Together we can forge a path to substance use prevention for all citizens of Union County.
